

Not-for-profits UWA Research Group Regulation and the Contemporary Not-for-profit: A Summit

Featuring CLAA NZ Annual Keynote Lecture by the Hon Robert French AC

Monday 26 November 2018

We invite you to participate in [Not-for-profits UWA's](http://www.research.uwa.edu.au/not-for-profits-uwa) (www.research.uwa.edu.au/not-for-profits-uwa) summit on the topic of regulating the contemporary NFP sector. The aim of the NFP UWA Research Group is to foster interdisciplinary research, collaboration and engagement between researchers, the NFP sector, business and government. It has been established by [Professor David Gilchrist](#) from the Business School and [Dr Ian Murray](#) and [Dr Fiona McGaughey](#) from the Law School.

Description

In this inaugural NFP UWA Research Group symposium, industry and academics will convene to consider the regulatory framework impacting NFPs and charities. Examining regulation is timely with the recent Review of the Australian Charities and Not-for-profits Commission Act, electoral funding laws and significant market changes such as the National Disability Insurance Scheme. The summit also extends to broader matters such as regulatory theory and practice, the role of Not-for-profits in our democracy, organisational

management and historical and comparative perspectives. The role of NFPs and the wider civil society sector in international law and international relations will also feature.

The summit will involve presentations and roundtables, including the inaugural Charity Law Association of Australia and New Zealand (CLAANZ) annual keynote lecture to be delivered by the Hon Robert French AC.

The current version of the summit program is attached with more details.
